

Sprint 1 Report
Middle Ground
Middle Ground Team
4/20/21

Actions to stop doing:

- Stop allowing daily scrum meetings to go over 15 minutes

Actions to start doing:

- Have daily scrum meetings on MWF
- Figure out how to assign tasks to those who have finished their work for the current sprint
- Assign all tasks at the beginning of the sprint
- Create more channels for more focused conversations in discord (peer review, help, etc)
- Keeping jira board **and** sprint plan updated (have scrum master screen share jira board while in stand-ups)
- Establish specific requirements for what a "completed" story looks like
- Think about retro boards (retro table? Went well, could've gone better, action items)

Actions to keep doing:

- Having at least one person review other people's code (especially for more important tasks)

Work completed:

- Create UI mockups for website
- Investigate News API
- Research Databases to use
- Set up SQLite3 Database and connect to Flask
- Investigate and classify news sources
- Setup Vue + Flask repository and basic website
- Finalize SQLite DB schemas

Work not completed:

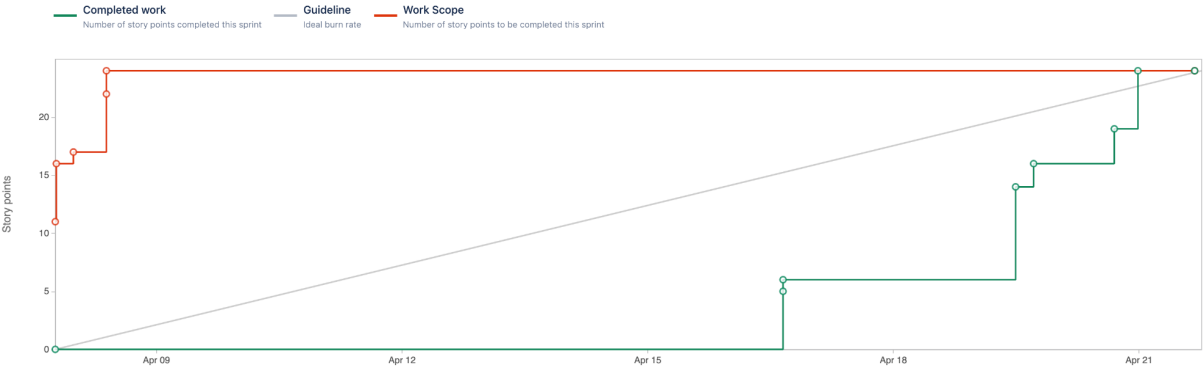

- N/A

Work completion rate:

- N/A

Date - April 7, 2021 - April 21, 2021

Sprint goal - Research as much as possible and get the basic front-end and back-end set up
