Sprint 1 Report
Middle Ground
Middle Ground Team
4/20/21

Actions to stop doing:
- Stop allowing daily scrum meetings to go over 15 minutes

Actions to start doing:
- Have daily scrum meetings on MWF
- Figure out how to assign tasks to those who have finished their work for the current sprint

Actions to keep doing:
- Having at least one person review other people's code (especially for more important tasks)

Work completed:
- Create UI mockups for website
- Investigate News API
- Research Databases to use
- Set up SqLite3 Database and connect to Flask
- Investigate and classify news sources
- Setup Vue + Flask repository and basic website

Work not completed:
- Finalize SqLite DB schemas

Work completion rate:
- Finalize SqLite DB schemas -- 90% done -- Schema is mostly set up, but is subject to small changes around how we want to implement the comments section on our website
